# ABOUT

Bullying affects individuals of all ages, influencing various aspects of life. Our project, a collaboration between four countries, aims to tackle this issue through in-depth research and innovative prevention strategies. We are dedicated to cultivating a culture of tolerance and creating safe environments for youth.

## Objectives:

- Develop and distribute effective anti-bullying tools for youth workers.
- Establish a comprehensive framework for organizations to systematically address bullying.
- Promote best practices in bullying prevention and intervention for youth workers.

## Expected Outcomes:

- **Curriculum:** Interactive training and resources for youth workers.
- **Digital Initiatives:** Storytelling and digital exhibitions to address bullying.
- **Awareness Campaign:** Multinational campaign to promote prevention and tolerance.

## Innovation and Complementarity:

Our approach uniquely focuses on non-formal education settings, utilizing digital storytelling and interactive methods to improve social integration and address bullying, filling a significant gap in current practices.

## Synergies and European Added Value:

This project fosters synergies across educational, training, and youth sectors, enhancing emotional and relational skills through non-formal methods. International collaboration broadens the exchange of best practices and methodologies, promising widespread and enduring benefits across the EU.
